About The Company

BOALT SA Enterprises was established in 1997 by our founder Mr. Hemant Sharma.

As a 5th generation prodigy in a long list of successful craftsmen in the family, Mr. Sharma picked up the intricacies of the craft at a young age. Following many successful projects and recognition, Mr. Sharma founded BOALT to bring his expertise to turnkey furnishing solutions.

The company specializes in large scale institutional projects like schools, offices, and residential apartments. A special focus is given to Government sector projects, where BOALT has managed to carve out a niche for itself with multiple national and international projects of repute over the past two decades.
